## INTRODUCTORY.

---

We present the twenty-fourth number of the Cambridge City Directory, with a consciousness of having spared no pains in rendering it as perfect as it is possible for such a work to be, and we submit it to our patrons with confidence, allowing them to judge of its merits.

We cannot, of course, hope to entirely avoid errors, as a work composed of names and figures, and dependent on so many different persons for correctness, must, of necessity, contain some mistakes in spelling, etc.; but we feel confident that our work will compare favorably with directories of other cities in any part of the country.

The flattering growth of the city, as shown by contrasting the number of pages in the present work with those contained in our issue of last year, is a matter worthy of congratulation to every person interested in the prosperity of our thriving municipality.

Last year's directory contained 15,650 names, while the present one contains 16,305, and on the usual basis of three and one-fourth persons to each name, gives a population of 52,989.

The Lowell City Directory for 1874 contained 13,923 names, and the Worcester City Directory for 1874 contained 17,598 names, which apparently shows that Cambridge ranks third in population in the list of Massachusetts cities.

Extending our congratulations, and thanking our patrons for liberal encouragement, we submit our work, trusting it will fully justify all we expect of it.

## INSTRUCTION TO KEY HOLDERS.

Alarms are to be given from the box nearest the location of the fire.

To give an alarm, open the door, pull the hook to the bottom of the slot once, and let go.

Each box contains a small bell which, if heard before you pull, indicates that the alarm has been previously given. Any person listening at a box will learn the number of the box from which the alarm was given. For instance: If an alarm proceeds from box 36, the bells and gongs attached will strike three, then after a short pause six consecutive blows, thus: III—IIIII.

Don't give an alarm for a fire seen at a distance unless assistance is called for.

Citizens are earnestly requested to inform themselves where keys to the

signal boxes are kept; signs, suitably inscribed, being placed over each box, giving the requisite information.

P. H. RAYMOND,  
 Chief Engineer Cambridge Fire Dept.

# Dr. E. D. SPEAR,

SO MUCH CELEBRATED FOR HIS

## REMARKABLE CURES.

Office, 713 Washington Street, BOSTON.

The testimony of many persons who seemed fit tenants for the grave, and who now, happily, enjoy the best of health, is proof sufficient of the great efficacy of the treatment of Dr. E. D. SPEAR. Success has attended the efforts of Dr. SPEAR in a wonderful degree. "Consumption's ghastly form" has brought terror to many a stout heart, and defied the skill of many an excellent physician. That Dr. SPEAR has restored to perfect health many suffering from this obstinate disease, is an undoubted fact, and the sceptical should be convinced by investigation. —*Watchman and Reflector.*

A SKILLFUL PHYSICIAN.—We shall perhaps convey no fresh information to the reader when we state that Dr. E. D. SPEAR, 713 Washington street, is one of the most skillful physicians in our city. He has been in active practice for many years, and this includes every variety of disease. He has been particularly successful where other physicians have seemed to fail. All who desire to procure the services of a physician who can be relied upon, should call upon Dr. SPEAR.—*From the Congregationalist.*

WELLFLEET, May 5, 1874.

DR. E. D. SPEAR—*Dear Sir:* It is with pleasure I acknowledge the great benefit I have received from the use of your medicine. In December, 1861, I was attacked with bleeding from the lungs. In June, 1862, I had another, and a much more severe attack. I well remember the time I got my sister to write to Dr. SPEAR for his medicine. My bleeding was not any common case, I assure you. After giving the medicine a fair trial it entirely cured me. From that time to this I

have had no bleeding. My health is good. I can work as long as the best of men. My weight is one hundred and fifty, the same as before my sickness. I know of no reason why I am not good for thirty years, for I have outlived a large number that thought I would die fourteen years ago.

JOHN G. HIGGINS.

KEENE, N. H., Dec. 8, 1873.

DR. SPEAR. I am very much better. My lungs felt filled up, but now feel free and easy. My appetite is good; I have gained ten pounds. I have been very punctual in taking the medicine. I think I should have been in my grave but for you. My prayers shall go up to God that he shall bless you and yours.

Respectfully,

MRS. MIRA A. BAKER.

SAND LAKE, N. Y., March 2, '74.

DR. SPEAR,—*Dear Sir:* Last August you sent me a box of medicine for my son, for bleeding at the lungs. In six weeks he appeared like a new man. He said he would need no more medicine, for since the first of September until the 20th of February he had not spit any blood. Two weeks ago he took cold, and has raised some blood. Please send, as soon as possible, a box of medicine, and he will pay on delivery.

ORLANDO HORTON.

EAST LYME, Conn., Nov. 5, '73.

DR. SPEAR,—*Dear Sir:* I am thankful that God has given you skill to relieve the afflicted. I am happy in the thought that I can do anything towards publishing your name to the world. To God be all the glory.

Yours truly,

NANCY MANWARREN.

R. W. PATTEN,

32 Avon St., Boston,

(opposite Temple Place, near Washington Street, between Hovey's and Jordan & Marsh's, Room 6), is one of the most ingenious mechanics—we might say artists in the city. He repairs broken glass, china, marble, alabaster, shell, pearl, fine jewelry, watches, clocks, musical boxes, bronze, indeed, almost anything one can mention, in a perfect manner. His history is as remarkable as his ingenuity, as interesting as a romance. He lived from youth to manhood with Indians, and experienced all those remarkable vicissitudes characteristic of savage life in the forests of America.
